General impression Please describe your stay in 4-5 sentences	Had a great stay in Luzern – both when it comes to the study and social environment. A lot of good events by the mentor group, and also good courses at the uni.
Entry/ arrival in Switzerland Immigration formalities, visa	Just had to get a 6 months permit at the immigration office.
Searching for rooms/ accommodation Experiences and useful addresses	Easily done through the mobility program provided by Unilu.
Public transportation Train, bus, accessibility of university buildings	Personally, I walked and went mostly with bike. Still, easy transportation by train to all major cities in CH.
Prearrangements Registration for courses, language tests, academic records	Good German course for beginners!
Information on university Location, size, infrastructure	Good information, no complaints.
Studying at the university Content of lectures, credits, assessments	Decent lectures and assessments. 6 credits per each English subject is ok.
Assistance at the university Student advisors, Mobility Office, mentors, contact with other students	Nothing to complain about. Living at the student accommodation (Eichhof, where I lived, or Emmenbrücke) is of good value when it comes to meeting your fellow students.
Budgeting Living costs, study material, money transfer	CH is rather expensive, but since I am from Norway the prices are fairly similar.
Living/ leisure Meeting places, sports, culture	A lot of options – both with the university sports and other.
Comparison What is better/ worse at the University of Lucerne compared to your home university?	Better at home – gym facilities (only two days a week, 3 hours each day at a poorly equipped gym here in Luzern). Better in Luzern – the scenery. Lectures are of fairly same quality.
