Instruction: Registration for major courses

A total of 30 ECTS-points have to be completed in the major module. **21** ECTS-points in the major a student wants to graduate in (**core courses**). **9** ECTS-points can be made up of courses from other majors or the main major (**elective courses**).

Independent of where a course is listed on the **Major profiles** list, elective courses have to be booked within the main majors elective module.

Example: If a student wants to graduate in **Health Communication** and chooses to participate in the course **Economic Evaluation in Health Care** as an elective, the course has to be booked within the module "**Health Communication Elective Courses**".

In the end, students will have a major package of

- "Main major" Core Courses
- "Main major" Elective Courses

Major
0 / 30 Cr

Health Communication Core Courses (0/21 Cr)	Health Communication Elective Courses (0/9 Cr)	Health and Social Behavior Core Courses (0/21 Cr)	Health and Social Behavior Elective Courses (0/9 Cr)
Health Economics and Policy Core Courses (0/21 Cr)	Health Economics and Policy Elective Courses (0/9 Cr)	Health Services Research Core Courses (0/21 Cr)	Health Services Research Elective Courses (0/9 Cr)
Health Data Science Core Courses (0/21 Cr)	Health Data Science Elective Courses (0/9 Cr)		

Note: If a student is unsure about which major to graduate in, courses can be manually re-assigned a module afterwards.
